

## **Gender Pay Gap Report 2021**

Children First Academy Trust, in accordance with The Equality Act 2010 (Gender Pay Gap Information) Regulations 2017, is required to publish calculations each year showing the pay gap between male and female employees.

# Calculations

## Data

The data used in this report is in accordance with the legislations and covers the snapshot date for businesses and charities, being the 5<sup>th</sup> April 2021.

## Mean gender pay gap

4.6%

This represents the difference between the hourly rate that male and female full pay relevant employees receive (as a percentage of men's pay). The figure shows that on average male employees at the Trust receive higher pay than women but the level of grade/position is not considered. Referring to the quartile analysis on the next page it demonstrates that there are a higher number of women employed across the Trust.

## Median gender pay gap

12.5%

This represents the difference between the median hourly rate that male and female full pay relevant employees receive (as a percentage of men's pay). The figure shows that female employees receive lower pay than men but the level of grade/position is not considered. Referring to the quartile analysis on the next page it demonstrates that there are a higher number of women employed across the Trust. This polarisation of salary statistics forces the median female hourly rate down and creates the reported disparity.

## Mean bonus gender pay gap

No bonuses were paid to employees during the period.

## Median bonus gender pay gap

No bonuses were paid to employees during the period.

## Proportion of male and females receiving a bonus payment

No Bonuses were paid to employees during the period.

## Proportion of male and females in each pay quartile

Lower quartile

Lower middle quartile

Upper middle quartile

Upper quartile

- Male
- Female

The above charts display that Children First Academy Trust has a much higher proportion of women in all quartiles.

All calculations have been prepared in accordance with the Gov.uk guidance.

## Additional Analysis

To provide further clarification on the above results additional analysis has been undertaken.

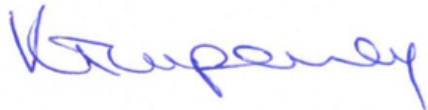

The analysis below shows the comparative mean hourly rate within each quartile (as a percentage of men's pay).

	Lower quartile	Lower middle quartile	Upper middle quartile	Upper quartile
Male	100	100	100	100
Female	95	102	102	105
